This includes teaching, advising, research, technical and bibliographic production, with an explicit schedule and anticipated outcomes/results resulting from the actions of the selected professor within the scope of the PPG, their concentration area(s), and research line(s). The work plan should not be solely a research project, as investigative activities are among the duties to be fulfilled during the contract. The work plan must be signed and initialed by the candidate, in PDF format;
- 3) Curriculum Vitae (CV) of the candidate, in PDF format;

- 4) PhD diploma, in PDF format;
- 5) Candidates wishing to compete for positions reserved for Black candidates must indicate their preference at the time of application to the PPG. They should choose to apply for vacancies reserved for Black candidates on the Registration Form and submit the self-declaration as per Annex 1 of the Notice, according to the color or race criteria used by the Brazilian Institute of Geography and Statistics – IBGE.

The PPGF/UFBA Board will establish a ranking order and submit it for selection at the University. The final decision rests with UFBA, which has a limited number of vacancies available for selection among all programs at the university.
